

# Production & Testing Equipment

Cutting Compound  
(1 Unit)

Rubber Slitter  
(1 Unit)

Oven Curing  
(2 Unit)

Slitting Compound  
(1 Unit)

Extruder (1 Unit)

The next stage would add bigger capacity of Injection and Compression machines.

# Production & Testing Equipment

- Laboratory Equipment

Tensile Strength  
Tester

Curelastometer

Hardness Tester

Densitymeter

Quick Vision

Microscope

- The next Stage (2019 - 2020) will add more testing equipment such as : Mooney Viscometer, Aging Tester, Ozone Tester, Vibration Test.
- For advance and comprehensive testing we can having support from Sansho Kogyo Co.,Ltd laboratory
